PROFESSIONAL SUMMARY

Junior Flutter Developer and Computer Science & Artificial Intelligence student (expected 2027) with hands-on experience building 4+ cross-platform Flutter applications, including business management and e-commerce apps. Experienced with Bloc/Cubit and Provider, REST API integration with Dio, Firebase Authentication and Cloud Firestore, and dependency injection, with a focus on maintainable code. Seeking a Flutter internship or Junior Flutter Developer opportunity.

EXPERIENCE

Mobile Application Development Trainee Jun 2026 - Jul 2026

Information Technology Institute (ITI) - Online Training

- Completed structured training in mobile application development, building foundational knowledge of mobile development concepts and workflows.
- Applied training concepts through practical exercises to strengthen technical understanding and application development skills.

Flutter Developer Trainee Mar 2026 - Jun 2026

National Telecommunication Institute (NTI) - Beni-Suef, Egypt

- Integrated REST APIs with Dio, adding interceptors for error handling, token management, and network-state feedback.
- Managed application state with Bloc, Cubit, and Provider across loading, success, error, and empty states.
- Integrated Firebase Authentication and Cloud Firestore to support secure login flows and backend data workflows.
- Applied dependency injection (GetIt) and secure/local storage patterns in Flutter projects.
- Built 20+ reusable Flutter widgets and shared UI components to reduce repeated UI code and keep the interface consistent.

PROJECTS

Masiter - Business Management App

Live Demo | GitHub Repository | Android APK

Tech Stack: Flutter | Dart | Cubit/BLoC | Firebase Authentication | Cloud Firestore | Supabase Storage | GoRouter | GetIt

- Co-developed with a teammate a cross-platform (Android & Web) Flutter application for small businesses to manage products, inventory, sales invoices, customers, and outstanding balances.
- Implemented authentication and cloud data with Firebase Authentication and Cloud Firestore, and product image storage with Supabase Storage.
- Used Cubit/BLoC with responsive layouts, Arabic/English localization, and light/dark themes; added invoice PDF generation and printing, low-stock alerts, and receivables tracking.

Shopino - E-Commerce App

GitHub Repository | Demo Video

Tech Stack: Flutter | Dart | Clean Architecture | Cubit | GoRouter | GetIt | Dio | Flutter Secure Storage | SharedPreferences

- Structured the app with Clean Architecture (Data, Domain, and Presentation layers) and GetIt for dependency injection.
- Implemented Auth, Product Listing, Cart, Favorites, and Account modules with secure token persistence.
- Persisted Cart and Favorites with SharedPreferences and JSON serialization; fixed state initialization, duplicate routing, and BlocProvider registration issues.

News App

GitHub Repository | Demo Video

Tech Stack: Flutter | Dart | Cubit | Dio | REST API | GoRouter | Localization | Responsive UI

- Built a news app with categorized headlines, keyword search, article details, and real-time updates from a public news API.
- Used Dio, Cubit, GoRouter, localization, and responsive layouts with reusable widgets.

TECHNICAL SKILLS

Mobile Development: Flutter SDK, Dart, Material Design, Responsive UI, Reusable Widgets
State Management: Bloc, Cubit, Provider
APIs & Cloud Services: RESTful APIs, Dio, JSON, Firebase Authentication, Cloud Firestore, Supabase Storage
Architecture & Practices: Clean Architecture, MVVM, SOLID, Feature-Based Structure, Dependency Injection (GetIt)
Storage & Packages: SharedPreferences, Flutter Secure Storage, GoRouter, Easy Localization, Cached Network Images
Tools & Workflow: Android Studio, VS Code, Postman, Git, GitHub, Figma, Debugging, Error Handling

EDUCATION

B.Sc. in Computer Science & Artificial Intelligence 2023 - Expected 2027

Faculty of Computers and Artificial Intelligence, Beni-Suef National University - Beni-Suef, Egypt

TRAINING & CERTIFICATIONS

- Mobile Development Bootcamp (Flutter) - Sprints & Microsoft, 2025
- Flutter & Dart Development - Udemy, 2024

Languages: Arabic (Native), English (Intermediate, B1)
